

## RE-2X(St)H Cca

Instrumentation and control cable, 300 V  
+90 °C service temperature, collective screen, zero halogen, fire retardant, UV & oil resistant  
EN 50288-7

### Application

Zero halogen instrumentation cable with improved fire characteristics for transmission of analogue and digital signals in instrument and control systems where no mechanical damage is to be expected. Allowed for use in zone 1 and zone 2 group II classified areas (IEC 60079-14); not allowed for direct connection to low impedance source, e.g. the public mains electricity. (Please note possible additional or special installation requirements of IEC 60079-14).

Zero halogen cables are suitable for installation in environments where smoke and toxic fumes may threaten life or valuable equipment. For fixed installation indoors and outdoors, on racks, trays, in conduits, in dry and wet locations. No ground laying without protection.

### Construction

- |                  |  |
|------------------|--|
| 1. Conductor:    | Copper conductor, stranded (class 2)                           |
| 2. Insulation:   | XLPE insulation (cross-linked polyethylene)                    |
| Identification:  | Pairs – black, white numbered (numbered for multi-element)     |
| 3. Separator:    | 1 Layer of plastic tape  |
| 4. Screen:       | Laminated Alu/PETP tape + tinned copper drain wire             |
| 5. Outer sheath: | Halogen free compound, black or blue (other colors on request) |

### Technical information

Operating voltage		300 V
Test voltage	core-core	1500 V
	core-screen	1500 V
Max. permissible temperature at conductor		90 °C
Min. operating temperature	fixed installation	-30 °C
Installation temperature		-5 °C to 50 °C
Min. bending radius mm	fixed installation	7,5 x outer diameter in mm
<b>Safety parameters</b>		
Reaction to fire		EN 50399 C <sub>ca</sub> – s1, d1, a1
Flame propagation	single cable	IEC 60332-1
	bunched cable	IEC 60332-3-24
Halogen free		IEC 60754-1 /-2
Low smoke density		IEC 61034-2
<b>Additional parameters</b>		
UV resistance		UL1581 section1200
Oil resistance		ICEA S-73-532
